

PhD vacancies in Computer Vision, Machine Learning, and Multimedia Analytics at Xiamen University (China)

The PhD students will enter the PhD Program in Computer Science and Technology at the School of Information Science and Engineering, Xiamen University, Xiamen, Fujian 361005, China, leading to the degree of PhD within a time frame of 3-4 years. The student will carry out scientific and technical tasks under the Intelligent Multimedia Laboratory ([imt.xmu.edu.cn](http://imt.xmu.edu.cn)) under the supervision of Professor Rongrong Ji ([imt.xmu.edu.cn/rrji-en.html](http://imt.xmu.edu.cn/rrji-en.html)). The scholarship will be provided for covering the tuition and living expenses.

In IMT, we pursue innovations in Computer Vision, Machine Learning, and Multimedia Analytics, research directions concentrate to visual search and recognition, social media analytics, and 3D and multi-view learning. We require the applicant should have:

- (1) A master's degree or equivalent in Computer Science, Mathematics, or other related analytical disciplines.
- (2) Experience in computer programming (C/C++, and MATLAB), image processing and mathematically analytical techniques is a plus. Algorithms and software development will be central to the success of the research.
- (3) Strong motivation, good English skills, mathematics knowledge, and he/she should also be an independent researcher and a team player.

The electronic application must contain a cover letter, CV, research plan, scanned copies of transcripts, publications and other relevant work, as well as 3 references. The application should be sent to Prof. Dr. Rongrong Ji by email, [rrji@xmu.edu.cn](mailto:rrji@xmu.edu.cn).

The vacancies are open during the entire 2015.
